1st Priority axis – ATTRACTIVE REGION

- *6. Thematic objective, 6c Investment Priority: „Conserving, protecting, promoting and developing natural and cultural heritage"*
- Programme specific objective:

To increase the attractiveness of the programme area

Crossborder diversification and cross-border integration and diversification of the sustainable touristic offer

Protection of the elements of cultural and natural heritage

The development of products and services in the less developed rural areas linking them to touristic magnets

7

2nd Priority Axis – COOPERATIVE REGION

Thematic Objective 11 - Investment priority 11b

Enhancing institutional capacity of public authorities and stakeholders and efficient public administration by promoting legal and administrative cooperation and cooperation between citizens and institutions

2nd Priority Axis

Specifc objective

To increase the capacity for cooperation in order to reach a higher level of maturity in cross-border relations

- by strengthening and deepening relations (new stakeholders, broader areas of cooperation);
- by improving institutional capacity;
- by improving public services and exploiting cross-border contacts.

Philosophy of the program

- Catalyzing, strengthening cooperation → jointly solving common problems → exchange of experiences, permanent, stable institutional contacts → better community service

Projects in implementation

To raise the institutional capacity and cooperation:

➢ in the field of cultural heritage (open-air museums, folk music, cultural institutions)

➢ in the field of education

➢ in the field of environmental protection, energy efficiency, renewable energy

➢ in the field of local economy (ecosocial market economy, economy institutions, social enterprises,..)

Interreg
SLOVENIA – HUNGARY
European Union | European Regional Development Fund

Priority axis 2 / investment priority

(11b) Enhancing institutional capacity of public authorities and stakeholders and efficient public administration
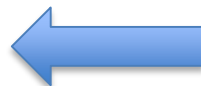

Actions to be supported

social services (social innovation), healthcare by addressing the increasing problems the area is facing in the field of societal challenges as ageing
